

Call to Request Your Free WorkLife4You Kit

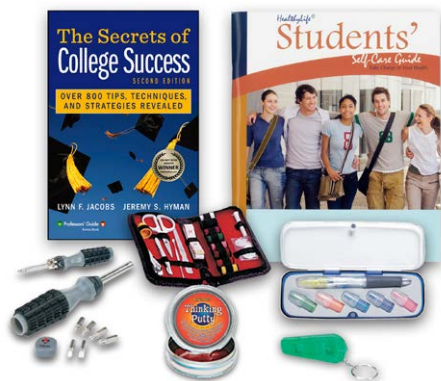

You may be eligible to receive one of the following kits containing free products and information to help you with parenting and adult care responsibilities.

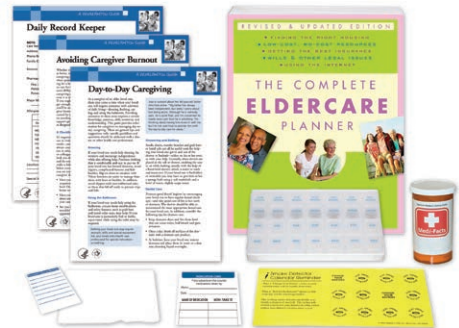

The Prenatal Kit—If you are expecting a child, the Prenatal Kit can help you plan for a healthy pregnancy and child-birth—and educate you about child care and parenting issues.

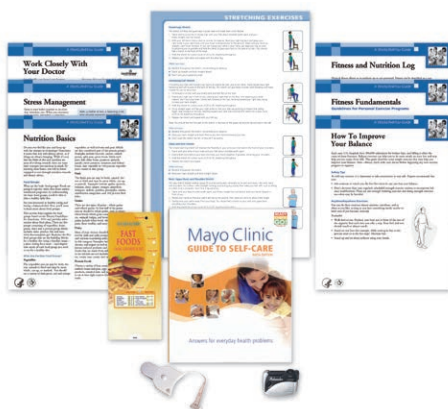

The Child Safety Kit—If you have a child under age three, the Child Safety Kit can help you protect him or her from today's most prevalent dangers.

The College Kit—If you have a college-bound child or college freshman, the College Kit, filled with practical products and safety information, will help him or her transition smoothly into college life.

The Adult Caregiver's Kit—If you are caring for an older loved one, the Adult Caregiver's Kit provides information and products designed to help seniors with daily living.

The Be Well Kit—If you are interested in improving your wellness, the Be Well Kit contains free products and information designed to help you proactively manage your health.

To request your free WorkLife4You kit, simply call a specialist day or night at:

1-800-222-0364

(TTY: 1-888-262-7848)

Plus, WorkLife4You can also provide information and referrals to assist you with pregnancy, child care, adult care, college financial aid issues and much more.

(Please note, you must meet eligibility requirements listed under each kit description.)
