MEMORANDUM FOR SENIOR PENTAGON LEADERSHIP
DEFENSE AGENCY AND DOD FIELD ACTIVITY DIRECTORS

SUBJECT: Coronavirus Disease 2019 – Transition to Health Protection Condition
Alpha on the Pentagon Reservation

- References: (a) Under Secretary for Personnel and Readiness Memorandum, “Consolidated Department of Defense Coronavirus Disease 2019 Force Health Protection Guidance,” August 29, 2022 version
(b) Director of Administration and Management Memorandum, “Coronavirus Disease 2019 – Implementing Force Health Protection Measures Aligned with CDC COVID-19 Community Levels on the Pentagon Reservation,” June 17, 2022

The Pentagon Reservation continues to monitor Centers for Disease Control and Prevention (CDC) COVID-19 Community Levels and Department of Defense (DoD) guidance to determine appropriate COVID-19 workplace safety protocols. Based on the Arlington County Community Level decreasing from “medium” to “low” on August 25, 2022, the Pentagon Reservation will transition from Health Protection Condition (HPCON) Bravo to HPCON Alpha effective 0500 on Wednesday, September 14, 2022.

For specific measures to be implemented under HPCON Alpha, follow the measures in reference (a) and, to the extent consistent, reference (b). Commanders and supervisors may implement additional, more stringent requirements, as appropriate, to mitigate risk.

My point of contact for the Pentagon Reservation COVID-19 response is Curt Masiello, curtis.m.masiello.civ@mail.mil, (571) 372-6955.
